

National Affiliation Standards Checklist

The National Affiliation Standards have been developed by Softball Australia as part of its Club and Association Development Strategy, focusing on creating safe, welcoming and healthy environments to attract and retain more participants.

A starting point to achieve this outcome is to ensure the professionalism and standards of all affiliated clubs and associations.

This document outlines a set of minimum National Affiliation Standards that clubs and associations can check annually and work towards meeting each standard with the support of their state softball organisation.

Club/Association Details:

Name of club or association*:

State*:

Name of club or association contact*:

Email of club or association contact*:

Date*:

Date of next check*:

National Affiliation Standards Checklist:
